THE VISION FOR SPORT IS THAT THE UNIVERSITY OF MELBOURNE IS THE LEADING AUSTRALIAN UNIVERSITY IN SPORTING PERFORMANCE, LEVEL OF PARTICIPATION AND QUALITY OF FACILITIES.

SPORT AT THE UNIVERSITY OF MELBOURNE, PAGE 05.
HIGHLIGHTS

It is with great pleasure that I am able to present the 2012 Annual Report. This year was both an exciting and challenging time for sport at the University of Melbourne and the report highlights and celebrates the many achievements of our student athletes, sporting teams and clubs. The report also outlines the impressive and growing range of programs offered each year to encourage students and staff to engage in regular physical activity.

It has been three years since the University Council endorsed ‘The University of Melbourne Strategic Plan for Sport, 2010 – 2115’ and significant strides have been made to ensure that the University of Melbourne is the leading sporting University in the country for performance, participation and quality of facilities but there are many challenges and opportunities that still lie ahead.

Finally I would like to thank my fellow board members, MU Sport staff and our dedicated volunteers and coaches for their fantastic efforts in 2012 and also express my appreciation for the continued support of the University senior management group.

I hope that you find the report both informative and entertaining.

Geoff Rees
Chairman

DIRECTOR’S REPORT

It is with great pleasure and satisfaction that I reflect on the achievements of sport, fitness and recreation at the University during 2012. The Annual Report illustrates that it was another outstanding year and I would like to acknowledge the many people and organisations who have been dedicated to improving the opportunities for students at the University. They include:

• The club committees, coaches, support staff and in particular the sporting alumni who assist in keeping the clubs viable and successful.

• The managers, coaches and athletes of ‘Team Melbourne’ at the Australian University Sport (AUSI) events who ensure that we are always passionate and extremely competitive.

• The staff and Board at Australian University Sport and fellow university sporting bodies who continue to collaborate for the good of the University sport industry despite fierce on-field rivalries.

• The Melbourne University Sport Association in particular President Paul Rogers.

I hope that the report captures the excitement and passion that engaging in sport, fitness and recreation activities at all levels generates and that it encourages you to ‘Get Active’ in 2013.

Tim Lee
Director of Sport

HISTORY OF SPORT

Students have participated in organised sporting activity since the founding of the University of Melbourne in 1853.

The Sports Union was formed in 1904 to support the traditional competitive club activities such as football, cricket, athletics, and rowing. Students came together to form clubs and teams to compete in weekly or regular community competitions and at the annual intervarsity clash against rivals such as Sydney University and Adelaide University, often involving very boisterous interstate trips.

After the Second World War, the arrival of returned servicemen and the children of post-war migrants to the University created a significant shift in the student demographic and a demand for a diversification of sporting options. Some of the new recreational and instructional activities to emerge during this period included fencing, judo, badminton, and competitive sporting clubs such as basketball and soccer.

The Olympic Games in Melbourne in 1956 was an important catalyst for the development of improved sporting facilities at the University’s sports precinct, including the Beaurepaire Centre, built with generous support from Sir Frank Beaurepaire. Incorporating an indoor swimming pool, stadium and flat floor space, and the installation of the first running track, provided by the Olympic Organising Committee. The Sports Precinct has since become one of the most distinctive sporting locations in Australia, instantly recognisable as the University of Melbourne. The redevelopment of the Beaurepaire Centre in 2006 into a contemporary fitness and aquatic centre improved the provision of fitness and recreation services for students, staff, alumni, and the University community.

The University has always celebrated the achievements of our teams, clubs and athletes on the field and as community and industry leaders. The number of Olympic and Commonwealth Games representatives and world record holders from the University is outstanding.

The University has provided the opportunities for our athletes, teams, and clubs, and flexible study arrangements, scholarships and entry program are now provided to recruit and support elite student athletes.

The annual intervarsity clash evolved into week long competitions among the traditional sandstone universities until the birth of the modern Australian University Games in the 1990s. The University of Melbourne has continued to be a dominant force at a national level winning the Overall Australian University Championships title four times, the most recent in 2012.

The governance and management of sport at the University has progressively evolved from the earlier student volunteer model of the Sports Union into a semi-autonomous department of the University and Melbourne University Sport (MUSP) overseen by a University appointed Advisory Board. The MUSP Board was established in 2009 to improve the governance and alignment of sport with the University with the initial task to develop the University of Melbourne Strategic Plan for Sport (2010 – 2015) to increase student participation and improve the performance of our clubs, teams and athletes and improve the access and quality of sport and recreation facilities.

MU Sport is currently engaged in a $14M building program, including an extension to the historic Boat House (2009), development of Lincoln Square Fitness (2012), the refurbishment of the Sports Centre, and redevelopment of the Main Oval Pavilion. These projects provide much needed improvement to the sporting facilities of the University, and are funded by the University and generous benefactors.

A great university sporting tradition returned in 2009 with the Australian Boat Race. The Melbourne University Vs Sydney University event rekindles a long-standing rivalry between the two pre-eminent universities in the country. The event alternates between the Yarra River and Sydney Harbour with Australia’s finest university rowing crews attracting increasing media and spectator attention as they battle for supremacy.

As the student population has increased and become increasingly diverse, the range of sport, fitness services, recreation and instructional options available have multiplied at the sporting clubs, and teams and athletes have continued to prosper increasing the profile of the University.

For the comprehensive history of sport at the University of Melbourne, see ‘The Ties that Bind’ by June E Senyard.
SPORT AT THE UNIVERSITY OF MELBOURNE

Melbourne University Sport (MU Sport) is a semi-autonomous department of the University and provides high-level policy, business and financial advice to the University on the development and management of sport and recreation at the University.

MU Sport provides professional management of the fitness, sports and recreation facilities, programmes and activities of the University and works closely with all stakeholders and external strategic partners in delivering sport and physical recreation opportunities for the University community in accordance with strategic and operational plans.

MU Sport is responsible for:
- The Sport Capital Improvement Plan for the development of campus and off campus facilities and manages all University sporting facilities in particular the University Sports Precinct, the Alpine Lodge at Mt Buller, and the Boat House on the Yarra River.
- Provision of fitness and recreation services and programmes including fitness assessments, personal training, group fitness, physiotherapy and sports massage, support for instructional and recreational club activity, short courses and trips and tours.
- Provision of sporting opportunities including supporting teams and individual students to compete in regional, national and international student competitions including the Australian University Games, the strategic development and operations of the competitive sporting clubs, professional management and promotion of lunch time and college sport competitions and support for elite level student athletes with the High Performance Sport Program and the provision of sporting scholarships.
- Ensuring the marketing and branding of sport to support student recruitment activity and support the engagement of the alumni with University sport programmes and advancement activity.
- Representing the University on matters pertaining to sport and physical recreation to local, state and federal government, Australian University Sport (AUS), sporting bodies and related professional organisations.

DR MITCHELL ANDERSON
Mitch Anderson is a University of Melbourne alumnus having graduated with a Bachelor of Physiotherapy with Honours (1997), a Bachelor of Science with Honours (1998) and a Bachelor of Medicine & Bachelor of Surgery (2003). He was a Melbourne University Sport High Performance Scholarship recipient from 1993 – 2004, and was awarded a Full Blue for Cycling (1997, 2001, 2002, 2003, 2004, 2005 and 2006). Mitch is an ironman triathlete and has competed 30 ironman events, including eight Hawaiian Ironman World Championships (including a best finish of 11th in 2005). He became a professional triathlete in 2003, he continues to work in the area of sports medicine as well as being a sought-after multi-media commentator. In 2013, Mitch returns to the University as a student (again) to study a Diploma of Surgical Anatomy. Appointed February 2009.

DR LYNN WILLIAMS
Dr Lynne Williams is a graduate of the University of Melbourne, London University and Monash University. She is an independent economics consultant following a career in the public sector spanning over 30 years. Prior to commencing consulting work, Lynne was Under Secretary for the Department of Treasury and Finance (DTF), a position she held until May 2011. Previous to this appointment Lynne held senior executive positions at both the Federal and Victorian State level. Since May 2011, she has undertaken a range of consultations for both the Victorian and Federal Governments. Lynne is on the Boards of Melbourne University Sport, the Faculty of Business and Economics and the (Federal) Climate Change Authority. She is a Fellow of the American College of Sports Medicine and Exercise and Sports Science Australia and serves on the Board of the Victorian Institute of Sport. During his spare time he enjoys tennis and reading sport biographies. Mark received a Full Blue in Tennis in 1981. Appointed February 2009.

PROFESSOR MARK HARGREAVES
Mark Hargreaves completed his BSc (1982) and PhD (1989) degrees in physiology at The University of Melbourne and an MA (1984) in exercise physiology at the Human Performance Laboratory, Ball State University, USA. His pre-and post-doctoral training included two visits to the University of Copenhagen. He is a Fellow of the American College of Sports Medicine and Exercise and Sports Science Australia and serves on the Board of the Victorian Institute of Sport. During his spare time he enjoys tennis and reading sport biographies. Mark received a Full Blue in Tennis in 1981. Appointed February 2009.

MS MARIEKE GUERRIER
Marieke is a University of Melbourne graduate professional athlete and current member of the Australian Swim Team. A current world champion and former world record holder, Marieke has represented her country at the Olympics, Commonwealth Games, World Championships and Pan Pacific Championships during the last decade. She is a member of the Aussie Swim Team’s Leadership Group, is on the Executive Committee of the Australian Swimmers’ Association and is a committee member of her home swimming club, Melbourne Vicentre. Outside the pool, Marieke is in the process of completing her Bachelor of Arts majoring in International Relations and Media & Communications, and has her sights set on a career in the media. Marieke received full blues in 2008 and 2009 for Swimming. Appointed March 2011.

Pillars

Participation

That the students, staff and the broader University community regularly participate in sport, fitness and recreation activities that encourage a balanced lifestyle and build a healthy community.

Success will be achieved when programmes, services and facilities are appealing, relevant and convenient and cater for the constantly changing requirements of the community.

Performance

That athletes, clubs and teams compete successfully at the highest level and participation establishes a lifelong connection to the University.

Enablers

Financial and Physical Resources

Governance and Management

People

Vision

That the University of Melbourne will be the leading Australian University for sporting performance, level of participation and the quality of facilities.

Purpose

To provide quality sport, fitness and recreation opportunities that enhance the reputation of the University.

Pillars
**Sport Foundation Launch**

The University of Melbourne Sport Foundation was launched at the Melbourne Cricket Ground in May 2012 with over 100 sporting club luminaries, staff and student athletes coming together to celebrate sport. The Olympic Room overlooking the playing surface was a magnificent backdrop for the formalities, with many of the guests also touring the National Sports Museum featuring a range of University of Melbourne sport related items.

To achieve the Vision for Sport, the University needs to provide quality sport, fitness and recreation facilities critical for successful clubs, sport programs, and instructional and recreational participation. The Foundation has been established to create a significant endowment (corpus) to sustain the sporting clubs and sporting programs of the University.

**Lincoln Square Fitness Opens**

A much needed addition to MU Sport’s fitness services was achieved with the development of Lincoln Square Fitness Centre (located in the University’s growing South precinct). The $330,000 refurbishment of the two storey building was completed over the Christmas break in new record time, and incorporates a fitness facility with a group fitness room, cardio and strength area, showers, and office space. The new facility has already seen a spike in participation and fitness membership across the University.

**Taking Sport to Schools**

The University of Melbourne’s Elite Athletes in Schools Program was launched in 2012 to provide secondary school students with the chance to engage with University of Melbourne student athletes. The program showcases the University’s successful student athletes in peer to peer discussions to encourage and provide an insight into combining sporting and academic success, and build aspiration for further education.

**University of Melbourne at 2012 London Olympics and Paralympics**

University students and alumni collected three silver and three bronze at the London Olympic Games, nearly 20 per cent of Australia’s final medal haul. In addition, wheelchair basketballer Dylan Alcott brought back silver in the Paralympics. Student-athlete and alumni medal winners included Victoria Brown (bronze, water polo), Sarah Tall (silver, rowing pairs), Kim Crow (silver, rowing double sculls and bronze, single sculls), Will Lockwood (silver, rowing four), and Karsten Fosterling (bronze, rowing quadruple sculls). There were 12 University of Melbourne-connected athletes including Chef de Mission rower Nick Green and pentathlete Kitty Chiller as Deputy Chef de Mission.

**Honouring our Women’s Cricketers**

Cricket Victoria recognised past and present Victorian Women Cricketers in October, which included two former players from the Melbourne University Women’s Cricket Club, Margaret Pickles and Jill Phillips. Margaret Pickles founded the Melbourne University Women’s Cricket Club in 1955/56, which merged with the Men’s Cricket Club (MUCC) prior to the 2008/09 season.

**Annual Australian Boat Race**

The Australian Boat Race is the annual rowing match race between the University of Melbourne and the University of Sydney. In 2012, the race returned to Sydney and despite the University of Melbourne crew containing three London Olympians: James Marburg, Cameron McKenzie-McHarg and Josh Booth and weighing in at 2kg a man heavier, the Sydney crew retained the Edmund Barton Trophy with a 5.35 seconds margin over the 4.3km course.

The lighter Melbourne University women’s crew, anchored by London Olympian Phoebe Stanley, made light work of their rivals to retain the Bella Guerin Trophy – defending the trophy they won in Melbourne in 2011. The Melbourne boat won in 16 min 54 seconds, with Sydney finishing a distant 23 seconds behind.
Melbourne Wins Snow Sports Championship

University of Melbourne skiers and snowboarders carved up the winter slopes at Mt Buller in September to reclaim the Australian University Champions title. Leading the charge were debutants Torie Hamilton-Wilson (Environments) and Ellie Phillips (Science) who were crowned Female Freestyle Champion and Female Cross Country Champion respectively. Hamilton-Smith won gold in Moguls, Freestyle Rails and Skier Cross. Phillips won the individual Cross Country by more than one and half minutes and also led the women’s relay to the gold.

Golden Games for University of Melbourne

The University of Melbourne won the 2012 Australian University Games Overall Champions after five days of exciting competition in Adelaide in September. The 450-strong team won 13 national university championships to triumph over arch rivals Monash University and the University of Sydney, each of whom won 10 championships. Results for the Australian University Games competitions can be found on pages 23-24.
PARTICIPATION OVERVIEW

Introduction

During 2012, nearly 17,000 students (55% of the student population) were engaged in sport, fitness or recreational activity as part of their University experience. Close to 1 million visits were recorded in the Sports Precinct and other University sporting facilities, made up of athletes, coaching and sporting staff, club volunteers, and spectators.

The opening of the University’s newest fitness centre Lincoln Square Fitness (more information on the facility can be found on pages 91) and additional, innovative fitness programs resulted in an overall increase of 15% in total visitor numbers (330,000) to all University fitness and aquatic facilities (including the Sports Precinct). 2012 saw a record 10,000 members using all MU Sport sites.

Over 200,000 visits were recorded in the Sports Precinct during the year, made up of participants engaged in casual and informal sport and recreation opportunities. Students and staff also used the facilities (tennis, squash, and the stadium) and grounds in the Sports Precinct and the surrounding parks for informal recreation and sporting activities in significant numbers.

15% INCREASE FOR TOTAL NUMBER OF VISITOR NUMBERS TO ALL UNIVERSITY FITNESS AND AQUATIC FACILITIES

Participation

As defined by the University’s Vision for Sport, the participation goal is that the students, staff and the broader University community regularly participate in sport, fitness and recreation activities that encourage a balanced lifestyle and build a healthy community. See the University of Melbourne Strategic Plan for Sport 2010 – 2019 for more details.

THE PARTICIPATION GOAL IS THAT THE STUDENTS, STAFF AND THE BROADER UNIVERSITY COMMUNITY REGULARLY PARTICIPATE IN SPORT TO ENCOURAGE A BALANCED LIFESTYLE.

15% INCREASE FOR TOTAL NUMBER OF VISITOR NUMBERS TO ALL UNIVERSITY FITNESS AND AQUATIC FACILITIES

Fitness Services

The range of fitness services on offer continue to be very popular with record numbers of students and staff utilising both the Beaurepaire and Lincoln Square Fitness Centres. Total fitness member numbers increased by 12%, with student memberships showing the greatest growth of 13.5%.

The members and staff were very excited at the opening of Lincoln Square and the selection of fitness equipment worth $150,000. Lincoln Square opened in March 2012 and proved popular with members, attracting 21,633 visitors by the end of 2012. The location south of Grattan Street is convenient for members of the ‘southern’ precinct.

Membership

MU Sport introduced some strategic changes to the Fitness membership structure in 2012. These changes were made in response to the introduction of the SSAF, and also to make membership more accessible through lower and more manageable fees, as well as delivering best practice outcomes consistent with other similar providers within both the tertiary education and community sectors.

MU Sport delivered a three tier membership structure, consisting of Students, Alumni/Staff and Community. The Student membership options provided at prices 20% lower than staff/volumes and 25% lower than community rates. Direct Debit membership options were introduced with great success. Over 1100 members chose this option. The Direct Debit membership provided our members with an opportunity to pay smaller fortnightly instalments, rather than large upfront payments.

IMPROVEMENT TO THE EQUIPMENT AND INSTRUCTOR STATION LAYOUT AT THE BEAUREPAIRE AND LINCOLN SQUARE FITNESS CENTRES. TOTAL FITNESS MEMBER NUMBERS INCREASED BY 12%, WITH STUDENT MEMBERSHIPS SHOWING THE GREATEST GROWTH OF 13.5%.

FINANCIAL REPORT 2012
Fitness
The opening of Lincoln Square Fitness in March 2012 was the most significant change in fitness at the University since the refurbishment of the Beaurepaire Centre in 2004.

The new ‘satellite’ fitness facility at Lincoln Square has provided a boutique training facility with $150,000 of new equipment for members of the University community located in the fast growing ‘southern’ precinct south of Grattan Street. The LSF facility provides strength and fitness training equipment and dosing tanks were installed to improve the provision of continually high water quality.

also delivers a group fitness program. A total of 21,533 visits were made to the LSF fitness gym during 2012.

Changes to equipment and floor plan at the Beaurepaire Centre provided more efficient use of training space and multi-use zones. In particular, single use bench press racks were replaced with versatile, multi-use functional training racks on the main gym floor. The Beaurepaire Centre experienced a large increase in participation numbers over the previous year, with an average of 2,072 extra visits each month compared to 2011.

Group Fitness Programs
The Group Fitness program continues to attract excellent participation across the year. In comparison with previous years, overall Group Fitness Attendance remained steady throughout the year.

The greatest change for the Group Fitness program in 2012 was the opening of Lincoln Square Fitness. A modest group fitness program of 13 classes per week commenced in March and grew to 17 classes per week at the start of Semester 2 in late July.

The strongest program in 2012 was Body Pump, with a staggering 12,312 participants throughout the year. Yoga with 7,441, Body Step 6,583 and Body Attack 5,506, were also consistently popular with our participants.

Specialised programs such as Zumba and Cardio-box continue to draw their loyal and regular followers to the Group Fitness program.

Class Averages for the year were steady during semester timetable and slightly higher during the reduced timetable. During the year of 2012 there was an average of 20 FTS participants in each group fitness class.

Aquatics Attendance
Average monthly pool attendances tracked consistently with previous years.

MU Sport partner Propulsion Aquatics services were in high demand, running Learn to Swim and Squad sessions for UoM staff, students and their families. New chemical dosing tanks were installed to improve the provision of continually high water quality.

Boot Camp
Participation numbers remained steady with the four week early morning Boot Camp sessions. Boot Camp remained popular with the University community, with an average class size of 20 across the year.

Casual Usage
200,000 visits to the Sports Precinct by students and staff engaging in a growing range of casual and informal sport, recreational and instructional programs.
**CAMPUS AND COMMUNITY SPORT**

Community Sport – Tin Alley Netball

Community Sport commenced in 2011 with 25 teams to provide social sport opportunities for the University and wider community.

Netball is played on Wednesday nights in Semester 1 and 2. 2012 entries increased to 40 teams, resulting in dividing the mixed team into two divisions with an eight team women division running over a 13 week competition.

Campus Sport

The Campus Sport program is conducted in the Sports Precinct and provides student and staff with a weekly opportunity to compete in a fun and low key lunchtime sporting program.

The competitions are provided during both Semester 1 and 2, with a smaller competition at the end of Semester 2. Sports offered are Futsal (men and mixed) and Netball (mixed). The total number of game opportunities for participants (matches x participants) in 2012 was 6,360 and increased from the 5,805 players in 2011, with Futsal continuing to be the most popular Campus Sport program.

**INTERCOLLEGIATE SPORT**

The Intercollegiate Sport Program had students participating from 11 of the University’s residential colleges in 24 sporting competitions.

Ormond College enjoyed a stellar year winning eight titles, including six women’s events, closely followed by Trinity who won five competitions including four in the men’s events.

Other notable results include:  
- Ormond swept all four boat races on the Yarra River.  
- Whitly College won its first title in five years.

*Tickner Cup weighting is calculated by no. of total points per college / per college population.

An estimated 2,000 residents competed for their college in 2012 in good spirit with many of the finals attracting large, colorful and vocal supporter groups.
MU Sport’s Community Events program is provided to encourage and support students, staff and alumni who participate in the City of Melbourne’s community sporting events and raise the profile of the University in the community. Three community events were supported in 2012: the Nissan Corporate Triathlon, the Melbourne Marathon, and Around the Bay in a Day. All University participants were provided running vests or cycling tops and training opportunities.

For the first time, MU Sport joined with four other universities – Monash, Victoria, Latrobe and RMIT – to create a University Hub for two events, the Melbourne Marathon and Around the Bay. By sharing resources, the UniHub allowed MU Sport to provide additional event day support services, including covered stretch and gathering areas, cloakroom facilities, food and drinks, and massage.

A total of 179 students, staff and alumni participated across all three events:
- Nissan Corporate Triathlon
- Melbourne Marathon
- Around the Bay

In addition, access was provided to University sporting facilities for group training sessions.

**NUMBER OF STUDENTS, STAFF AND ALUMNI PARTICIPATED**

- **28** Nissan Corporate Triathlon
- **106** Melbourne Marathon
- **45** Around the Bay

In addition, access was provided to University sporting facilities for group training sessions.
PERFORMANCE OVERVIEW

During 2012, 12 current students, alumni and club members represented Australia at the London Olympic and Paralympic Games, and won 14 National University Championships.

UNIVERSITY SPORT

It is a long standing tradition for student teams to compete annually against other universities, developing fierce ongoing rivalries.

One of the earliest recorded rowing competitions was between the University of Melbourne and the University of Sydney, and a UoM football team competed annually against Adelaide University. These one-off events evolved into national carnivals held annually between the sandstone Universities. Eventually a games concept arose, culminating in the Australian University Games (AUG) in the 1990s. In 2012, representatives from 38 universities with upwards of 6,000 students competed over five days in the largest national, multi-sport event in the country.

In an outstanding year, the University of Melbourne won 14 Division One national championships, the record in any single year since the inception of the Australian University Games and Championships.

The men’s hockey team finally won the gold medal after coming agonisingly close in previous years. In emphatic style the team scored 18 goals in the five pool games to crush the University of Adelaide 10 – 0 in the semi-final and finally triumph 6 – 0 in the gold game over arch rivals the University of Sydney.

Kendo had a wonderful tournament, competing in and winning their first national title since 2008. Softball came back from a slow start in the early rounds to knock off Monash 14 – 12 in the gold medal game. The star-studded women’s swimming team backed up their 2011 national title by dominating the meet winning 11 of the 19 races on the program including all four relays.

Men’s table tennis cruised through the eight pool games undefeated, eventually getting the better of Monash 7 – 4.

Men’s tennis flourished on the lawn of Kensington Gardens to drop only five matches in the six pool games. The team overcame a gallant UTS in the gold medal game to win 3 – 2.

Melbourne University Athletics Club member Lisa Weightman running the 2012 London Olympics Women’s Marathon.

G&G – Green & Gold
Blues and Sports Awards

The University recognises the outstanding sporting performances of individuals and teams and the achievements of coaches and clubs at the Annual Sports Awards Presentation.

Blues (Full and Half) are awarded to students who have represented the University in an outstanding manner, following the prestigious tradition set by Oxford and Cambridge Universities.

Over 300 student athletes attended the 2012 Sports Awards Presentation held at the University of Melbourne in November 2012. In the first year where Awards were presented in the same year as the sporting performance, University Provost Professor Margaret Shiel had the honour of congratulating these student athletes. The University’s Blues Committee considers nominations each year based on performances at the Australian University Games and Championships. Reflecting the outstanding year for sport at the University in 2012, 130 Blues (72 Full and 58 Half) were presented with Hockey receiving 13, including eight Full Blues, 12 Blues (six Full Blues) for Rowing, and nine Blues for both AFL and Football (Soccer).

Doctor of Medicine student and dual World Rowing Champion Alice McNamara received her eighth Blue in an outstanding career representing the University. A complete list of 2012 Blues is on page 34.

Other awards for University Sport and/or club achievement during 2012 were:
• University Sport Female Athlete of the Year Grace Loh (Swimming)
• University Sport Male Athlete of the Year Sam Thompson (Tennis)
• University Sport Team of the Year Men’s Hockey

Club Awards

• Club Coach of the Year Matthew Kempton (Football – Blacks)
• Club Individual/Team Performance of the Year Rugby Colts XV
• Club Personality of the Year John Buckley (Soccer)
• Club of the Year Kendo

Other Awards

The 2012 Lazer-Law Medal for outstanding club, national or international sporting achievement was awarded to two recipients for the first time: Sarah Tall (Rowing) and Dylan Alcott (Paralympic Basketball).

Competing at her third Olympic Games, Sarah, the Australian women’s rowing captain, won the silver medal in the women’s Pair at London 2012. Dylan, competing at his second Paralympic Games, also won the silver medal as a member of the Australian Rollers wheelchair basketball team to add to his gold from Beijing 2008.

Elite Athlete Program

The profile of the University is enhanced by the performances of our athletes, teams and clubs.

The University of Melbourne is a signatory to the Australian Sports Commission’s Elite Athlete Friendly University Network (EAFU) program and provides flexible study arrangements, scholarships and an entry program that recognises the impact the elite level sporting achievement has on academic performance.

In 2012, the Elite Athlete Program supported 213 student-athletes, including 123 students recognised as elite athletes (state/national representatives and/or squad/league members) under the University’s Elite Athlete and Performers Policy. Forty-four students were Australian national representatives across 21 different sports with eight students competing in international rowing regattas, including the U23 and Senior World Championships.

The profile of the University is enhanced by the performances of our athletes, teams and clubs.

COMPETITIVE, RECREATIONAL AND INSTRUCTIONAL

CLUB RESULTS AND HIGHLIGHTS

38 CLUBS

5,313 CLUB MEMBERS
Students have participated in organised sporting activity since the founding of the University of Melbourne in 1853. The Sports Union was formed in 1956 to support the traditional competitive club activities such as football, cricket, athletics and rowing, and some of our sporting clubs are the oldest continuous sporting clubs in the country. There are now 40 sport, recreational and instructional clubs providing 5,000 active members with close to 150,000 participant opportunities. The activities include national level sporting competition (with several clubs participating in their respective National Championships), state level sport, community sport, social sport, martial arts, and recreational activities.

Two new clubs were established in 2012, Cheerleading and Gridiron (American Football), further increasing the diversity of opportunities and reflecting the constantly evolving interests of the campus community.

### Athletics Club

Melbourne University Athletics Club (MUAC) fielded teams in the premier division of every Athletics Victoria competition (one of five clubs to do so). The club finished 2nd (Women) and 4th (Men) at the Athletics Victoria Shield final. MUAC’s winter teams took 4th (Women) and 7th (Men) in Division 1 the XCR’12 season, and fielded eight teams across all divisions. Lisa Weightman ran a personal best to claim 17th in Division 1 the XCR’12 season, and fielded winter teams took 4th (Women) and 7th (Men) at the Athletics Victoria Shield final. MUAC’s Winter Athlete, Sophie Barker won Winter Champion athlete for the 2nd time. MUAC hosted SUAC in September to great acclaim.

### Badminton Club

The Badminton Club had another fruitful year in 2012. Representative teams were competitive across both state and national team competitions; the Men’s team gold medal at the Australian University Games and runners-up at the State Pennant being notable results. The representative squad of 50 players were also competitive in individual events, with several members achieving excellent results across all Divisions. The club continues to have a vibrant social badminton scene with over 160 members filling out our Thursday and Saturday sessions. With new programs in place for the near future, the club looks forward to a bigger and better 2013.

### Baseball Club

The Sports Union was formed in 1904 to support the traditional competitive club activities such as football, cricket, athletics and rowing, and some of our sporting clubs are the oldest continuous sporting clubs in the country. There are now 40 sport, recreational and instructional clubs providing 5,000 active members with close to 150,000 participant opportunities. The activities include national level sporting competition (with several clubs participating in their respective National Championships), state level sport, community sport, social sport, martial arts, and recreational activities.

Two new clubs were established in 2012, Cheerleading and Gridiron (American Football), further increasing the diversity of opportunities and reflecting the constantly evolving interests of the campus community.

### Athletics Club

Melbourne University Athletics Club (MUAC) fielded teams in the premier division of every Athletics Victoria competition (one of five clubs to do so). The club finished 2nd (Women) and 4th (Men) at the Athletics Victoria Shield final. MUAC’s winter teams took 4th (Women) and 7th (Men) in Division 1 the XCR’12 season, and fielded eight teams across all divisions. Lisa Weightman ran a personal best to claim 17th place at the London 2012 Olympic Games in the marathon, and Sophie Barker won Winter Champion athlete for the 2nd time. MUAC hosted SUAC in September to great acclaim.
BASKETBALL CLUB

2012 was another successful and growing year for the Basketball Club (MUBC). The club had record numbers in the domestic program which saw over 15 teams entered in one competition and five premierships across the year.

Two players from the A-grade competition won the overall MVP for the CYMS competition in consecutive seasons. The Big V teams had a year of mixed results. Whilst the Men have enjoyed success over recent years, the departure of some key players left the boys well out of play-off contention. The Women, however, made the finals and just lost in game two of the semi-finals to eventual premiers Coburg.

BOAT CLUB

Melbourne University Boat Club (MUBC) members raced at a variety of competitions including the 2012 Olympic games where there were seven club members competing.

The club topped the medal table at the Australian National Championships, winning eight gold medals, four silver medals and seven bronze medals. MUBC won the women’s boat race for the third year, but lost the men’s.

### FOOTBALL CLUB (MEN)

Season 2012 was a highly successful one for the University Blacks Football Club, with both the Seniors and Reserves winning Premiership. University Blues had a promising start to the season against the reigning premiers in round one only to be cruelled by injuries and overrun.

For the Seniors, it means a return to Premier Division in 2013, while for the Reserves, it was their second Premiership in three years, having won in 2010. Bede Mahon, who started with Blacks in 2008 but played country football in 2010/2011, won the Cordner Medal for Best & Fairest Senior player. Charlie Richardson won the 2012 B Section Best & Fairest Award (with Andrew Willingham runner-up and Dan Costello in equal fourth place) as well as the R. 1. Cordner Best on Ground award in the B Section Grand Final.

This trend continued with a withstand run of injuries, many of them being long term and even season ending injuries. University Blues used approx. 50 players in order to field teams in the Premier Grade. This placed enormous strain on players from the lower grades. The Reserves and Thirds managed to scrape into the Finals with the Thirds getting on a roll, and winning a hard-fought premiership. The Under 19s also provided a number of players into the senior ranks and finished the season in 6th position.

FOOTBALL CLUB (WOMEN)

A promising year for the club, with a much fitter senior team unlikely to just miss out on a spot in the finals.

Several players celebrated milestones, including the first 200 game player Bronwyn McDorick. The Youth Girls performed well, finishing 3rd in the Essendon District Football League’s new competition and the U/12s dominated the WRFL competition for the second year running. The club took part in a very productive year long culture process to set out their mission, vision and values moving forward.

HOCKEY CLUB

Season 2012 saw the Melbourne University Lacrosse Club (MULC) enter two Senior Men’s teams into Lacrosse Victoria’s Men’s Division 1 and 3, as well as a Women’s team into the B Grade Women’s division.

The Division 1 Men’s team, playing in the second highest league in the state, experienced a painstaking number of close games, and finished the season 7th on the ladder recording 2 wins. The Division 3 Men’s team won half of their games, and finished 6th, narrowly missing the finals.

The Women’s team had a tough draw and recorded 2 wins for the season, finishing in 7th on the ladder.

FUTSAL CLUB

The Futsal Club staged Charity tournaments in 2012 from which $2500 was raised for the organisation OpenAid 1000 Villages.

The women’s team maintained its current standing as champions of the women’s league at Futsal Oz.

2012 was a pleasing year for the Melbourne University Hockey Club.

After some disappointing results in 2011, the women’s side rebounded, bolstered by many players improving over the pre-season and a number of new players joining the club. The top three women’s teams all made finals, and the 1’s secured promotion to Vic League 1 for 2013.

Results were mixed for the men’s side of the club. The 1’s, led by new coach Dave Smith, matched the top sides in the competition, but missed the finals due to drawing many winnable games. Numbers in the men’s social grades swelled in 2012, resulting in an extra team being added. Increased depth meant more competition for spots and led to some positive on field results – most notably, Men’s Metro 3 West’s premiership.

Masters numbers also swelled, enough to enter an additional team - who went on to win the Men’s Masters E East premiership!

Off field, social events were well attended, with Presentation Night in particular a hit. Club facilities were improved with new goals, and the replacement of a section of chain link fence with a removable curtain (improving spectators’ views).

Soccer Club

The majority of the Melbourne University Soccer Club’s (MUSC) sides finished in the top half of the table in 2012. Notably, the men’s and women’s Seniors sides finished 3rd and 4th respectively. The 2012 season also saw the men’s State 3NW and women’s State 1 Reserves and the Thirds Div 2NW win their league. MUSC will push for continued improvement in 2013 and to build on the success of the 2012 season.

CLUBS

Rebels continues to strengthen and grow. University of Melbourne and the Melbourne communities and the partnership with the MURFC proved a success and the Colts Season final qualified for finals and the Colts came out victorious and crowned as 2012 Colts champions.

As a result, two of the four senior teams qualified for finals and the Colts came out victorious and crowned as 2012 Colts Champions for the first time since 2008. In addition to club commitments a number of Melbourne University Rugby Football Club (MURFC) players were selected in the U18 and U20 Victorian Rugby Squads.

The Young Achiever Award, a unique $5,000 scholarship for a talented young Year 12 footballer, which was established in 2011, continued its success with Kevin Uli Palavi winning the 2013 award.

The Netball Club had teams in the top 10 divisions, making finals with no team finishing lower than 5th place.

**SQUASH CLUB**

2012 was a unique year for the Squash Club with renovations starting on the squash courts halfway through the year. While this has caused disruptions for the Club and its members, the benefits of the renovations will soon be realised in early 2013 with improved courts and improved function space.

Even with these disruptions, the Club has still performed admirably winning four league pennants this year. Furthermore, the Club has seen three of its members take out titles in individual competitions. In 2012, the Squash Club initiated a “Women’s Learn to Play”, introducing over 50 women to the sport with plans to continue in 2013. This program has received special praise from SquashVic.

**SOFTBALL CLUB**

Melbourne University Softball Club (MUSC) competed in the Melbourne Softball Association (MSA) Metro Winter League this year, entering two teams for the first time in many years.

Both teams contrived exceptionally, with a lively and passionate spirit. The A Reserve team won their way through to become the MSA 2012 A Reserve Premiers. The team had 4 players selected for the A Reserve All Star team along with the coach and one player selected for the B Grade All Star team.

**TABLE TENNIS CLUB**

2012 was a very successful year for the Melbourne University table tennis club. The club’s sponsored team in the Melbourne Sport and Aquatic Centre’s (MSAC’s) Division 2 Wednesday Premier competition, saw one player remain undefeated for the season. Acquiring Kyle Davis, former Olympian and national junior coach as both a player and coach contributed much to this success, improving the quality of training sessions. In 2013, the club looks forward to continuing this arrangement and improving on the achievements of 2012.

**TENNIS CLUB**

Melbourne University Tennis Club achieved high participation rates and excellence in competition performance in 2012. The club provided weekly competition opportunities to over 200 members through a range of internal club competitions and by fielding a record number of teams at the Tennis Victoria state-wide pennant competition. The tournament teams achieved excellent results in regional and national tournaments, including winning the Australian Corporate Games Tennis Championship for the 3rd year in a row.

The Touch club had another successful year. The club overhauled its administrative structure and split into three separate arms to match the growing number of members (374 members).

Accompanying the high membership retention were some fantastic on-field results at various tournaments and consequentially a strong representation in Victorian Men’s and Women’s Open touch teams. In addition to this, the club was honoured to have one of our life members named in the Queensland Mixed Open State of Origin Team (a first for any Victorian).

The junior volleyball program continued its success with 8 juniors representing Victoria in the 2012 World Ultimate and Guts Championships in Japan, coming second in the mixed division.

This year, the Melbourne University Ultimate Club had several members representing Victoria at the Australian Ultimate Championships, finishing third in the Men’s division, and second in the Women’s division.

The club also had two members represent Australia in the 2012 World Ultimate and Guts Championships in Japan, coming second in the mixed division.

The Club entered 10 teams into the Victorian Volleyball League (2 in the Men’s division and 4 in the Junior league). Two senior teams made finals with one team winning gold and the other remaining 3rd position; one junior team made finals and also won gold.

A number of club members were recognised for their individual outstanding performances throughout the year. League Awards included, Player of the Year for consecutive years, Chrissie Malton, All-Star 7 Jaemin Bieri.

The junior volleyball program continued its success with 8 juniors representing Victoria in the Australian Junior National Championships. Most notable was the selection of Tom Hodges in the Championships U19 All-Star 7 team. Michael Cirillo was chosen as the U23 Men’s Team MVP, while Joseph Yigit was selected as the U17 Beach State Team’s MVP.

The club continues to participate in regional tournaments throughout the year, providing valuable competition experience in readiness for the season proper and for the juniors. The Club maintains strong involvement in the Australian Ultimate League through the University Blues partnership (both Men and Women, providing access to elite competition to a number of club members. The 2012 teams (M&W) contained a total of 57 club members, one of which (Jess McMillan) was selected as the team’s MVP.

The Competitive Social Volleyball Program continues to grow, entering two social teams in a local competition, and some players moving over into our Victorian Volleyball League (VVL) teams.

WATER POLO CLUB

The Melbourne University Water Polo Club (MiPolo) celebrated its 49th year of operation in 2012, entering a total of 15 teams in four different competitions with a wide variety of results from team’s competing in Water Polo Victoria’s Men’s State League (MSL) 2 and 4 competitions, as well as in the Women’s State League (WSL) 2 & 3 competitions.

At a national level, the two Australian University Games teams, one Men’s & one Women’s, came 3rd and 9th respectively – an especially strong result for the Men’s team given the strength of the national competition. In addition to this, the Club held numerous successful social functions throughout the year and had a number of members selected to compete in the National competition, including MiPolo alumni Victoria Brown who was a member of the Bronze Medal winning Australian Olympic Women’s Water Polo Team.

World records and a world champion! 2012 saw the Melbourne University Weightlifting and Powerlifting Club (MUWPC) grow bigger and better than ever.

The club helped host the Raw Nationals and Pacific Invitational, where American superstar and club guest Blaine Sumner squatted 400kg raw for a new world record. MUWPC members also got into the act with countless PBs, medals and records at club level right through to the Raw and Equipped Nationals, Oceania, Asian and World Championships. The two standout performances were Nghiep Luu’s 271kg raw deadlift at 66kg bodyweight for an Open International Powerlifting Federation World Record and Lepeka Nanai breaking three world records to become the 120kg World Blind Powerlifting Champion.

Improvements, Plans and Renovations
Facility Usage and Finance

Facility Developments

Introduction

The Sports Precinct is one of the most iconic sporting images in Australia and the view from the air is instantly recognisable as the University of Melbourne.

University sporting facilities include the buildings and grounds located on the Sport Precinct, the University Ski Lodge at Mt Buller and University Boat House on the Yarra River. MU Sport is in the middle of an $14M facility development program, including the extension to the University Boat House (opened 2011), Lincoln Square Fitness (opened March 2012), the Sports Centre refurbishment (due for completion in 2013), and the Pavilion redevelopment (due for completion in 2014) providing much needed improvement to the sporting facilities of the University.

The Sports Capital Improvement Plan

The University of Melbourne Strategic Plan for Sport was developed and adopted in 2010 and identified the need to develop a long term plan for sport and recreation facilities. In collaboration with Property and Campus Services (PCS) MU Sport commenced the process of developing a Sport Capital Improvement Plan (SCIP 2013 – 2023) to secure the long term provision, management and access to sport and recreation facilities, including access to Princes and Royal Parks. The SCIP will also ensure adequate long term planning and resourcing for facility development, capital improvement and maintenance to meet the current and future expectations of the University community.

The SCIP reviews University strategies and planning documents in consultation with the MU Sport Board and staff, University sporting clubs, the sporting alumni and stakeholders. Feedback will be sought from staff, students, colleges, alumni and University sporting clubs and incorporated into the report. The SCIP will provide future direction planning for the Parkville campus (including the area south of Grattan Street) and provide a guiding document to assist the University deliver on its vision for sport and recreation through the provision of high quality facilities. The SCIP is due for completion in early 2013.

Main Oval Pavilion

The Pavilion located on the north side of the University Oval was originally built in the early 1900s, re-built following a fire in 1950, and then in the mid-1980s underwent a refurbishment to improve the amenities. The Pavilion serviced a range of University sporting clubs and activities but the building had deteriorated over time and was in very poor condition and required an upgrade or replacement to meet the needs of the users. In 2007 work was undertaken to develop a new pavilion on the west side of the Sport Precinct to service the main oval and the athletics and hockey field. A review of the proposed construction was undertaken in 2009 and a decision taken to discontinue the project in preference for two separate pavilions. The location of the original Pavilion was the preferred option for the tenant clubs as it is the ideal viewing position for both sports in line with the centre wicket area or cricket and on the wing for AFL. Additionally, both the football and cricket clubs use Crawford Oval (south side of Princess Park also accessed from Morrison Close) for overflow training and lower.

Emilly Dixon from University Property and Campus Services was appointed Project Manager in Sept 2011 and Cox Architects were appointed in early 2012. The new pavilion will upgrade the current social space and also provide an additional and larger function space. The new function space will be available for use by all sporting clubs, the broader University community and also the alumni and general community for formal functions to generate income to support sporting programs across the University. The new pavilion will also provide enhanced change facilities incorporating rehabilitation areas and equipment storage. The project budget is $8M funded by the University, MU Sport and generous benefactors. Demolition was due to commence in late 2012 with construction to progress throughout 2013 and a completion date in early 2014.
SPORT CENTRE RENOVATION

A feasibility study was undertaken in 2011 to consider options to improve the amenity for the clubs and users of the hockey, athletics and tennis facilities. The location initially proposed was overlooking the Athletics Track adjacent to the car park but this was not supported by the University Master Planner. It was determined instead to renovate the northern end of the Sports Centre including the current change rooms.

Emily Dixon from University Property and Campus Services was appointed Project Manager in August 2011 and David Newstead from Mantric Architects was appointed as the project architect. Jim Corbett from Sports and Leisure Solutions was appointed by MU Sport as the Client Consultant during the earlier feasibility stage to work closely with the tenant clubs and MU Sport staff on both the Sports Centre and Pavilion client briefs.

The project provide two large social and meeting spaces, increased club storage, refurbishment of the change facilities for the University community and external bookings to generated income to support the provision of services and facilities improvements.

FACILITY USAGE

A range of facilities and spaces are made available for the University community and external bookings to generated income to support the provision of services and facilities improvements.

ALPINE LODGE

The University Alpine Lodge, located at Mt. Buller, opened for the season on Friday 15 June 2013. Unfortunately, early skiing conditions were poor which resulted in lower bookings until the end of June. The improved snow conditions in July were matched by increased bookings, particularly through the School Holiday periods and especially on Friday and Saturday nights. Weekends remained solidly booked throughout September, bookings dropped and the Lodge closed on 16 September 2013.

LINCOLN SQUARE FITNESS

MU Sport had been seeking for some a suitable site to open a satellite fitness facility to service the University community south of Gatton Street to improve access to fitness facilities for the University community in its southern precinct.

In late 2011, work commenced gutting and refitting the building located 183-193 Bouverie Street. The work primarily involved removing walls, to open space up, as well as installing four showers. This exciting undertaking was well on track for completion and opened in March 2012.

The project was managed by Emily Dixon from University Property and Campus Services and David Newshead from Mantric Architects. The two storey building now contains a fitness facility on the ground floor incorporating a group fitness room, a cardio and strength area, showers and office space. The building is leased from the Melbourne Business School on a three year agreement.

The work primarily involved removing walls, to open space up, as well as installing
MUSA President Report

MUSA is proud to have had many clubs excel in their sporting disciplines from local to international competitions and is delighted to see clubs continue to increase their exposure, retain more members, and increase participation rates in sport.

MUSA has been busy advocating clubs’ opinions and values, representing clubs and reforming itself to meet the demands of current students and the sporting clubs at the University of Melbourne. In 2012, MUSA worked hard to ensure that clubs were benefiting from the Student Services and Amenities Fee (SSAF) allocations for sport and that there was opportunity for clubs to provide feedback regarding the way funding was allocated.

The culmination of the on-field competition and the off-field social events is demonstrated at the annual MUSA Dinner. This year’s Dinner was held at University House where guests heard from the Honourable Justice Marilyn Warren – AC Chief Justice of Victoria speak passionately about her treasured years as a university athlete.

I would like to thank the members of 2012 MUSA Executive, Blues Advisory Board, and Sports Scholarship Committee for their tireless efforts over the last twelve months. And lastly, thank the various volunteer club committees that run the on-field and off-field activities of their sporting clubs. You do a sensational job in providing opportunities and experiences for students, staff and alumni. Please keep it up, and we look forward to continuing to work together with you.

MUSA is proud to have had many clubs excel in their sporting disciplines from local to international competitions and is delighted to see clubs continue to increase their exposure.
