Professor Richard James has recently been appointed as the Vice-Chancellor’s nominee replacing Professor Mark Hargreaves. Professor Abernethy completed her initial three year term in February but has agreed to continue for a further term.

The Director reported that the SCIP had been with Property and Campus Services (PCS) since the plan was endorsed by the Board in July 2013. PCS had committed to considering the report in detail and providing a response but had not been able to do so as yet. The Director was in regular contact with PCS and would keep the Board informed on progress at future meetings.

The Board asked the Director to prepare and circulate to the Board a summary of key issues from the report. The Board agreed to invite Mr. Michael Tracey from PCS Planning to the next Board meeting to provide an update.

1.5.4 2014 Operational Plan
Updates on the Operational Plan are contained in the Director’s Report to the Board at each meeting, however, an additional report would be provided in the format presented to the Board at the last meeting.

2. STRATEGIC DISCUSSIONS

2.1 Growing Esteem Strategy Review
The Director presented a summary of the Green Paper distributed by the University to commence the review of the Growing Esteem Strategy. The paper was designed to invite discussion and feedback about the University’s future direction and identify the key issues and challenges. The vision for the University remains centred on the Triple Helix: of research, education and engagement.
The paper also outlines that the University aspires to provide a transformative student experience and makes several references to sport in this regard. This is the first time that sport has appeared in a University strategic discussion paper.

The Engagement Portfolio (including MU Sport) submitted a response recommending an Engagement Commission to consider further the role that engagement plays in delivering the University’s strategy. The response emphasised the importance of sport and regular physical activity in developing graduate attributes such as leadership and volunteerism, and the link between the quality of the cohort experience and philanthropy.

Professor James stated the Green Paper was an important document in guiding the University’s strategic direction. Mr. Collette noted that Engagement would be crucial in bringing the strands of the triple helix together.

The Chair outlined the importance of actively participating in the review of Growing Esteem as an opportunity to present a case for sport to Senior University Management.

2.2 Review of the Strategic Plan for Sport

The Director outlined the proposal to review the Strategic Plan for Sport (2010 – 2015) including the plan to engage with key stakeholders in reviewing the current strategies and to identify new challenges and opportunities. The plan was developed in 2009 and adopted by the Board in early 2010. It is timely to review and update the strategies in line with the review of Growing Esteem. A detailed strategic discussion will be scheduled for a future Board meeting with the final draft of the new plan to be presented to the Board in early 2015 for endorsement.

Motion: The plan for the review of the Strategic Plan for Sport was noted.

3. MATTERS FOR DECISION

3.1 Club Funding Review

The Director outlined the proposal to conduct a major review of club funding this year for implementation in 2015.

Prior to the introduction of the Voluntary Student Unionism (VSU) in 2005 the 40 clubs received close to $600,000 in financial support. This amount was reduced to $130,000 in 2006, but has since increased to $345,000 with the introduction of the Student Services and Amenities Fee (SSAF).

The additional funding has coincided with an increase in participation but the performance of many competitive clubs has not improved. There is also a perception of a lack of equity and transparency in the current distribution of funds. The objective of the review is to develop transparent criteria for the future distribution of funds in line with the performance and participation objectives outlined in the Strategic Plan for Sport.

The Chair will announce the review at the upcoming Club Forum. He will also announce that an additional $200,000 will be provided in 2015 to ensure that there is no reduction in individual club funding but that sufficient funds are available to support identified strategic initiatives. Sourcing the additional club funds will create budget challenges for MU Sport that will be addressed as the 2015 budget is developed.
The Director outlined the terms of reference and timeline of the review and requested that the Board endorse the Club Funding Review Proposal.

*Motion: The Club Funding Review Proposal was endorsed.*
