The ICSC Random Draw for 2015 was conducted at Melbourne University Sport by Tom Lutwyche (Sport Coordinator), Jordan Quaile (ICSC President), Jonny Robin (Treasurer) and Lochie Brick (ICSC Outgoing President) on Thursday 13 November 2014. The draw was conducted and the following order was recorded:

1. University College
2. Ormond College
3. Newman College
4. St. Mary’s College
5. Queen’s College
6. Kendall Hall
7. International House
8. St. Hilda’s College
9. Janet Clarke Hall
10. Whitley College
11. Trinity College
12. Medley College (not participating Sem. 1 2015)

The process for determining pool structures will be as follows:

- Where results from 2014 (or 2013 in rotation sports) are available indicating finishing order, colleges who finished in the top four places of the 2014 competition will be ranked according to these places. All other colleges will be ranked according to their allocated number in the random draw.
- Should a finishing order not be available, then all colleges will be ranked according to their allocated number in the random draw.
- Should a college not elect participate in a given sport, they will not be considered in the draw, and the next college will take its given rank for that sport.
- Should two colleges enter a combined team in the year of competition, they will be ranked according to the college that is ranked highest of the two in either finishing sport or according to the random draw.
- Any issues or discrepancies regarding this format should be directed to Tom Lutwyche – Sport Coordinator at Melbourne University Sport on 8344 5409 or tlut@unimelb.edu.au
